“ To the family of "Mom Elizabeth" A Very Special Lady

We have two ways of remembering our loved ones who leave us and start another journey. We either cry over their absence, or smile and remember them through the countless memories that have stayed back, and we are sure you have many. "Mom Elizabeth" wants you to smile forever. She is watching you now. Stay Strong Family. May the Lord comfort your hearts as only he can do.

May the light of heaven's gateway beam on upon you as it opens to receive "Mom Elizabeth". She has finished her course and kept the faith. She was indeed a beacon of light and joy while here with us.

Though there are no words to ease your pain, remember that she is now in heaven and safe in Gods loving arms where she is now at peace. Our prayers and sympathy to the family.

“ I remember being in elementary school and getting off the bus in the evening and walking to your house. I would sit in your living room near the window; waiting for my aunts Jean and Joan to get off of the school bus and stop at your house to pick me up, so we could continue walking down Bushy Park Road to my grandparents house. I loved looking at that beautiful fireplace in your living room. I thought it was one of the most beautiful things I had ever seen. Thank you for sharing your home. You will be missed by everyone who had the pleasure of knowing you.

“ I knew her as Ms. Liz. For about the last 8 or so years, I had the pleasure of seeing her around once a month when she visited us with my husband’s grandfather, uncle and aunt.

When I first met her, I was newly married and over the next few years, quickly had two babies. I will never forget all the wisdom and guidance she gave me in that sleep deprived and confusing time. There were very few people in this world that could comfort my newborns in the way Ms. Liz did. The babies were so content in her arms and she just loved watching them run around as they got older.

She was a very special member of our family and we already miss her. My deepest condolences to her family, who were constantly on her mind. You were the center of her life and she was so proud of you all.
