“ The Johns Hopkins Applied Physics Laboratory (JHUAPL) send condolences to the family. Peggy was an enthusiastic member of our club. She provided valuable memories of her extensive APL work life including the many colleagues with whom she worked. As a member of the Tour WA/Bal Interest Group she was particularly fond of relating a childhood memory of Saturday ballet classes in her Baltimore city neighborhood at what was originally Johns Hopkins' home. Peggy always worked on the Historic Ellicott City Decorator Show House and provided information and details to the Woman's Club, and many would attend. We will miss her friendly, cordial, engaging manner and her frequent expressions of gratitude for our programs and activities.

“ For so many years at the Decorator Show Houses of Historic Ellicott City, Inc. Peggy was a Day Captain for our yearly event. She brought a wonderful group of family and friends to volunteer for the day. She was also a member of the Board of Directors of the organization and we all appreciated her contributions to the group. I will miss her cheerful attitude and willingness to help with all of our activities. My deepest sympathy to her family. Ellen Bell

“ Peggy was a dear friend. I met Peggy at APL many years ago and remained close to her after we retired. She was kind, friendly and always looked picture perfect. Every Christmas we would attend the Howard Co Historical Christmas tour. We traveled, played cards and enjoyed many activities together. I miss her already. My deepest sympathy to her family.

“ I knew Peggy when she worked at APL. I always liked her. She was friendly and loved her job as receptionist. She was a hard worker who always did her best. I remember how she was always so neat and perfectly dressed. She was a woman to look up to and will be greatly missed.

“ I’m Keith Edward Fisher Jr. , during my early years I would go to Aunt Peggy and Uncle John’s farm on Hobbs Road and spend the summers. Those years are my most memorable times. I spent summers with my cousins Charles, Lynn, Cheryl Ann and Betty Jane. Those were formative years where I learned what it was like to work. Aunt Peggy took good care of me while I was there. What a great family to have been related to. They all made a big impact on my life. If everyone had a family like Aunt Peggy brought up what a beautiful world it would be. She brought them through hard times and good times. I miss those days, If only to have them again. What an absolutely wonderful women she was. I will miss her but the fond memories will stay with me forever.
