“ I was so fortunate to get to spend time with Mike, September and Derik as their Nanny for several years! Mike was always such a fun and energetic dad, even on days when he felt sick, he always showed Derik love and patience. The three of them had so much fun together and the house was always filled with laughter and smiles- and no one laughed as big or smiled as big as Mike!!! I can still hear his laugh all these years later. He was always taking Derik to every fun activity in the area like the Fair and PuttPutt golf and even a trip to the store was fun for Derik of her was with his dad. And of course, they played rap music together and Derik knew all the words at 4 years old! One of my favorite things about Mike was the way he adored his son. It was pure love.

Even years after I stopped being the Nanny, Mike called me Miss Sara whenever I popped into the nursery to say hi! Those years with Derik and Mike and September are so precious to me and I'll always hold that time spent with them and their families, close to my heart.

My prayers and thoughts and love are with everyone morning the loss of this great guy! Especially Derik and September!

“ So many memories of Mike. Here a few of my favorite. He took me (and many others) home from high school a lot. He had this little white Hyundai. He would always go as fast as he could down 144 so we could catch air. He is the one who talked me into “trying” beech nut chew. I threw up. I remember he came to a football game in a new outfit he had just bought. He asked me how it looked and I told him it was fine. He thought it was brown, but it was pea green. Mike was color blind and had no idea because he picked it out without asking anyone. Mike was also a great dancer and he was always up to get down at dances and parties. Most of all, I remember the guy always laughing and telling you some sort of funny comment. He will be missed so much!
